

DB-M01N Common Detector Base

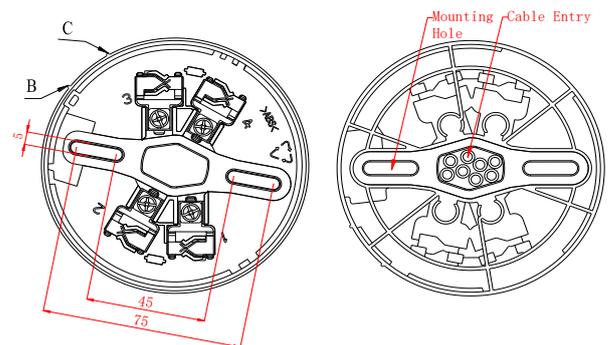

Description

DB-M01N Detector Base is designed for a new generation D-series detector. It is suitable for both conventional and intelligent D-series detectors including UL-certified DI/DC-M9101N, DI/DC-M9102N, DI/DC-M9103 produced by GST.

Technical Specification

Ambient Temperature	32°F(0°C) ~ 100°F(+37.8°C)
Relative Humidity	≤85%, non-condensing
Material and Color of Enclosure	ABS, white (RAL 9016)
Dimensions	100mm(D) X 16.5mm(H)
Mounting Spacing	45mm-75mm

Terminals and Installation Holes

Warning: Do not punch mounting holes and cable entry holes bigger than needed. Do not punch more holes than needed.

Order Information

Part No.	DB-M01N
Device Name	Common Detector Base
Product No.	30209761
Compatible Products	DI/DC-M9101N, DI/DC-M9102N, DI/DC-M9103
