Conettix D6201 Series IP Security Keys

BOSCH
Invented for life

▶ 3200 IP account USB key available for larger capacity installations

▶ 500 IP account USB key available for smaller projects and installations

The Conettix D6201 Series IP Security Keys expand the IP account capability of each Conettix D6600 Communications Receiver/Gateway connected to the Conettix D6200 Programming/Administration Software.

Conettix D6200 Programming/Administration Software allows users to view, change, upload and download programming parameters for a Conettix D6600 Communications Receiver/Gateway. The software includes 10 default IP accounts.

For larger capacity installations, dealers can purchase or upgrade Security Keys which expands the D6600 account capacity to a maximum of 3200 IP accounts for each receiver.

Conettix D6200 Programming/Administration Software can be downloaded from the Bosch Security Systems website or ordered on a CD-ROM at no charge. Refer to Ordering Information.
